FUTURITY PRECISE HOOF & HEALTH MINERAL is a mineral and vitamin supplement that is scientifically formulated especially for the needs of horses. All Futurity Precise products are fortified with organic trace minerals, plus biotin and methionine. Trace minerals, biotin and methionine are important nutrients in a balanced diet and may contribute to hoof integrity, animal health and forage digestibility.

Manufactured By Ridley Nutrition Solutions, Mankato, MN 56001 • Contact us at: 1-888-4HORSE4 • www.futurityprecise.com

FEEDING AND MANAGEMENT

1. Provide Hoof & Health Mineral with your horse's feed each day.
2. Horses should receive 3-6 oz. per head daily based on a 1,000-lb. animal. Consideration should also be given to work load and production status of each particular horse.
3. Use the enclosed 4 oz. scoop to measure the correct amount for your horse. Daily intake may be split between multiple feedings each day.
4. Provide clean, fresh water to all animals at all times.

IMPORTANT: Hoof & Health Mineral may also be fed free choice. Supplement should be placed in a covered feeder near water and loafing areas where animals congregate. Horses should consume 3-6 oz. daily based on a 1,000-lb. animal. Feed as the only free choice source of salt, minerals and vitamins.

CAUTION: Follow label directions. Consumption of selenium should not exceed 3 mg daily. Six (6) ounces of this product will supply 3 mg selenium. Contains added copper. DO NOT FEED TO SHEEP.

For additional information, please contact your feed supplier or call 1-888-4HORSE4 (1-888-446-7734).
